

RJG Technology Seminar:

Combat rising labor costs and increased quality requirements

RJG's Technology Day Seminar focuses on processing strategies used by progressive molders to remain competitive in today's challenging market. We will discuss how successful companies are implementing strategies and technologies to combat rapidly rising labor costs and increased quality requirements.

What we will cover:

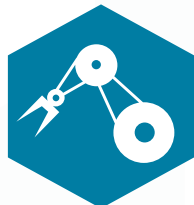

Using technology to increase your productivity, profitability, and market appeal

The 4 key plastic variables

Introduction to scientific molding and **DECOUPLED MOLDING®** strategies

Strategies for automated part containment to reduce labor costs

The benefits of a comprehensive training program

Technology Day Details:

- This is a free event
- Lunch will be provided following the presentation
- Max 2 people per company
- 6,800 RMB per Person (includes tax)
Hotel and Travel Costs are the Responsibility of the Attendee
- **Attendees must hold a management title**
